## THE BRAND NEW ↴

### Free Commercials

Hub Radio is the perfect blend of smooth tunes and corny jokes. This year, you're invited to run free 15-30 second commercials about your upcoming event or volunteer opportunity. You give us the info and we'll provide the radio talent & airwaves!

### Milk Crate Projects

If your next volunteer project fits in a milk crate, our Hub volunteers can get it done in a jiffy. Let us stuff those envelopes, cut out those paper bunny ears, write those flashcards...get those hand cramps.

### Kindness Projects

Is there a little something extra volunteers could make to brighten your work? Maybe a hand drawn card for a client, pipe cleaner cat toy, or seeds planted in dixie cups? We'll provide the supplies and encourage families to volunteer together in The Hub.

## THE TRIED & TRUE ↴

### The Do Good Bus

Need a group of volunteers for your next special project? We'll deliver...literally. From building wheelchair accessible gardening beds to clearing out your basement storage room, no task is too big for the bus!

### Camp Super Hero

This summer-long camp gets teens and youth working together to make a difference. It's also a great opportunity help youth discover the importance of your work in the community. Talk with us about getting our superheroes completing a service project for you.

### Volunteer Matching

We're a resource for individuals and groups looking for the best fit for their volunteer time, skills, passions, and goals. Get started by utilizing unlimited postings on our Connect Site and we'll get to work making those important connections!

### Champions of Change

This annual volunteer recognition event is the perfect way to say "thank you" to the people and businesses making a difference for your organization. This doesn't hurt either—over \$5,000 in award money is shared with local causes and organizations like yours.
