

Empowering Youth for Social Good A Tribute to Doug Ziegler

R. Douglas Ziegler was raised with the belief that service to others was one of the most important gifts we can give in this world. From an early age, Doug used his talents and skills to make our community a better place in any way he could.

“Each of us has an obligation to give back to society in whatever way we can. Whether it is time or money, or both, giving back to your community in whatever way you can is important. You will find, as I certainly have, that you usually benefit more by giving than receiving. It is a wonderful feeling. Seek out your opportunities in this area rather than waiting to be asked.”

Washington County lost an amazing leader in 2016, but Doug’s commitment to community lives on. We are proud to honor his legacy through Camp Super Hero. It is a privilege to develop the next generation of community leaders in his image.
